

Guidelines for the 2025 LIFT UP Programs

In conjunction with the repeal of the exemption from sales tax on food for home consumption, the city has established a food tax rebate program for Greeley residents. For the 2025 rebate program, the rebate will be \$100.00 per person. The guidelines and qualifications follow.

Additionally, a utility assistance program has been created for customers who are Greeley water customers. If qualified, a \$150 credit will be given to the customer's water bill. The same income qualifications apply.

The applicant must have total 2025 annual family income at or below the following levels:

Number of Family Members	Maximum Gross Annual Income
1	\$43,284
2	\$56,604
3	\$69,924
4	\$83,256
5	\$96,576
6	\$109,896
7	\$112,392
8	\$114,888
Each Additional Person	\$2,496

In determining income for qualifying the following income amounts should be included:

1. Wages, salaries, tips, etc. (i.e. filed 2025 Tax Return including w-2/1099)
2. Interest income, dividends, etc.
3. Social Security income, Supplemental Security Income
4. Pensions, V.A. benefits, Old Age Pension
5. Social Assistance (i.e. AFDC), other income.

Family members are legal dependents claimed on federal form 1040. All these items should appear on the applicant's 2025 Federal Income Tax Return for verification purposes.

The applicant must be a current Greeley resident who lived in the city for at least ten (10) months in 2025. Proof of the 10-month residency must be attached to the application. Examples of proof are a valid identification card, driver's license, rent receipt, gas or electric bill, water utility bill or telephone bill. Copies of the bills must show dates and the name and address of the person applying for the food tax rebate. Any of these examples dated when the application is filed are acceptable ways to prove residency.

The applicant must have a street address, not general delivery or a post office box number. Include your phone number.

Food tax rebate checks will be issued periodically and mailed to the address on the application.

For utility customers, a \$150 credit will be applied to the customer's water bill once the customer's income is verified.
